### **Item 4 - Other Business Activities**

---

Stephen Ratcliffe may recommend insurance products and may also, as independent insurance agents, sell those recommended insurance products to clients. The sale of these products accounts for approximately 10-30% of his time. When such recommendations or sales are made, a conflict of interest exists as the insurance licensed IARs earn insurance commissions for the sale of those products, which may create an incentive to recommend such products. We require that all IARs disclose this conflict of interest when such recommendations are made. Also, we require IARs to disclose that clients may purchase recommended insurance products from other insurance agents not affiliated with us.

### **Item 5 - Additional Compensation**

Stephen Ratcliffe may receive additional compensation from sales of insurance products. Stephen Ratcliffe may be eligible to receive incentive awards (including prizes such as trips or bonuses) for recommending certain types of insurance policies or other investment products that he recommends.

While Stephen Ratcliffe endeavors at all times to put the interest of our clients first as part of our fiduciary duty, the possibility of receiving incentive awards creates a conflict of interest and may affect his judgment when making recommendations. We require that all IARs disclose this conflict of interest when such recommendations are made. Also, we require IARs to disclose that clients may purchase recommended insurance products from other insurance agents not affiliated with us.
